# Portbury Parish Plan - Questionnaire

## Introduction

You may be aware that year by year each government has been trying to put more power and control into local communities rather than to continue to centralise all decision making. The current government calls this its 'localism' agenda. All communities are being encouraged to create their own 'Neighbourhood Plan', principally to influence the type of physical development that might happen, but also to consider how best to provide public services.

Your Parish Council has thus developed this questionnaire to collect the views of Portbury residents on a wide range of subjects relevant to living in the Parish in the next 5-10 years. Your responses will be collated and analysed and will form the basis of a plan for the Parish. In Portbury there is little or no opportunity for any physical development, we are a so-called 'in-fill' area with most potential for development, e.g. housing, having already been exhausted. You may wish therefore to think more about the things that concern you about your life and leisure in the Village and the future needs of all your family; some of the headings in the questionnaire may help you with this.

A Parish plan is a document through which all members of a community can voice their opinions on what should and what should not happen in their local area in the future. The plan should then establish a baseline that must be considered when decisions are being made that may affect people in the village. In other words we may be able to influence our future rather than to have things imposed upon us.

More information related to the background of this questionnaire, the Parish Plan and the process by which it is being created can be found at our website: <http://www.portbury-council.com>

**Please take the small amount of time necessary to complete this questionnaire – you have nothing to lose and everything to gain!**

Thank You.
